Re: Notice of File Closure for Small Mining Activities, Red Bone #3, S/027/051 (UTU-070654),  
Millard County, Utah

Dear Mr. Teseneer:

In a recent conversation with you, we were informed that in the fall of 1998, the BLM closed their case file for Natural Resource Holding Company's Red Bone #3 project, located in Section 1, T19S, R14W, Millard County, Utah. As the operator has not paid the permit fee for this project the Division will now close our file for this project and release the operator from any further mining or reclamation responsibilities at this site. Future mining in this area will require the submission of the appropriate notice, payment of the Division fees and written approval prior to creating any surface disturbance. By copy of this letter, the operator is notified of this action.

Please provide us with a copy of your closure letter for this project for our files. Thank you for your staff's assistance in performing inspections of the site. Please contact me at (801) 538-5321 if you have any questions regarding this letter.

Sincerely,

Tom Munson  
Senior Reclamation Specialist
